

## Caryn Corenblum, J.D., L.C.S.W., PCC

Ms. Corenblum provides leadership coaching and conducts workshops on leadership development, the new science of stress, the nervous system and mindfulness and is a meeting facilitator. Her strengths lie in inspiring positive attitudes, teaching skills for clear and powerful communication and engaging participants to take self-directed actions for positive change. Her biggest joy comes from assisting others to clarify their thinking and use their energy to create and sustain exceptional lives. She loves working with diverse people who are interested in cultivating their awareness, discovering their passions and contributing their unique gifts to the world.

Previously, Ms. Corenblum has worked as an attorney specializing in retirement plans, an executive director of a nonprofit organization specializing in diversity and conflict resolution, and as an inpatient and outpatient social worker/therapist. She provides coaching for executives and managers who are motivated and want to overcome their blocks to performance.

### Education

She identifies herself as a lifelong learner. Most recently she received her Post Graduate Certificate in the Neuroscience of Leadership from Middlesex University, UK. She received her Bachelor's in Business Administration from Emory University School of Business, her law degree from New England Law and her Master's in Social Work from the University of Alabama.

### Certifications

Ms. Corenblum is certified as a Falling Awake Life Coach and is credentialed by the International Coach Federation (ICF) as a Professional Certified Coach, PCC. She has completed a three-year training program in PBSP, a holistic mind, body and spirit therapy. Caryn completed her training about the nervous system with Somatic Experiencing, a trauma healing modality and is a Somatic Experiencing Practitioner (SEP™). She has completed her postgraduate certificate program in the Neuroscience of Leadership with Middlesex University (UK) and the Professional Development Foundation in partnership with the NeuroLeadership Institute.
